Backyard Oasis

Amish Country Gazebos is the largest designer and factory-direct provider of custom-built gazebos in North America. Our experienced designers help you create your own unique outdoor living space. You select the style, shape, materials, colors, and more for what will become your favorite room, your backyard oasis.

Think of it as an extra room costing considerably less than a typical room addition.

Finest Amish Craftsmanship

Our skilled Amish craftsmen take joy in hand-building each gazebo which is shipped directly from the heart of Lancaster County, Pennsylvania.

Within just a few weeks you will enjoy the space, weather protection, and relaxing environment of your new “favorite room” & “backyard oasis”!

Leon, Tom, Chet and Mel Beiler are the family at the heart of Amish Country Gazebos.

The Amish have for centuries been excellent woodworkers. Their old world craftsmanship and evident pride in their work are what make our gazebos stand apart. The Beiler brothers – Chat, Leon, Mel, and Tom – are the family at the heart of Amish Country Gazebos.

They grew up on a hundred-acre Amish family farm in Lancaster County, where they learned the values that guide the company today.
Wood Pavilions

14x24 Wood Pavilion - 8x8 Posts

Make your home the place where everything happens. This charming wood pavilion brings people together. You can host parties, relax in the shade, take shelter from the rain, or host that highly-anticipated barbecue. Make it happen in a wood “open-air” gazebo.

A Gathering Place

As with all our gazebos, our Pavilion Collection also comes with a Lifetime Warranty.

16x32 Wood Pavilion

16x20 Wood Pavilion
A vinyl pavilion is the perfect gathering place for any event. Whether you are hosting a dinner party or simply relaxing in the evening with your family, this low-maintenance "open-air" gazebo provides an inviting atmosphere for any type of meaningful time with those you love.
What makes the Hampton pavilion so special?

- Steeper pitched roof
- Larger overhang on the roof
- Dental molding on entire perimeter
- Large continuous arch
- Roman columns (10” round)

Embrace Luxury

Take your backyard beyond the ordinary. The Hampton Pavilion brings class and enhanced value to your home. We pulled out all the stops to make the Hampton line not only low-maintenance, but also high-class.
Southern Yellow Pine  
This wood pavilion is made of pressure-treated #1 southern yellow pine for many years of worry-free weather resistance.

Braces & Headers  
Heavy-duty headers and braces are used for a strong and stable structure. Engineered for 145 mph wind load.

Anchor Brackets  
Engineer approved anchor brackets and concrete lag bolts are included to attach this pavilion to footers.

Vinyl

Braces & Headers  
Engineer approved anchor brackets and concrete lag bolts are included to attach this pavilion to footers.

Hampton

Larger Overhang  
Your Hampton pavilion comes with a larger overhang (12” instead of 6”) on the roof for a more stately appearance.

Dental Molding  
Special attention has been given to the molding surrounding the entire perimeter of the Hampton pavilion.

Column Base  
The 10’ Roman columns come with a base to cover the anchoring hardware included with your Hampton pavilion.
Go Bigger! — After providing thousands of gazebos to homeowners since the 80’s no one has complained their gazebo was too large. However, many have stated they wish they had gone a size or two larger. Most people don’t realize how much they will use their gazebo until it is in place. Then it quickly becomes a favorite spot, not only for their family, but also for guests. So when in doubt, go bigger!

Vinyl and Hampton ceilings include a rich and beautiful mahogany stain

All “open-air” gazebos come standard as an easy-to-assemble kit. Everything you need is included such as screws, hardware and brackets. A step by step assembly manual makes the assembly process clear and simple.

Kit & Assembly Manuals

All standard rectangle pavilions are built to withstand 140 mph winds and a 45 pound snow load. If you need a pavilion that is not included in this catalog, we can provide a quote for nearly any “open-air” gazebo (pavilion). We will also provide a quote for the customized Engineered Plans & Engineer Seal for your special project.

40' x 40' Pavilion with Ribbed Metal Roofing

30' x 40' Pavilion with Standing Seam Metal Roofing
“This handsome pavilion has transformed our winery here in Northern Virginia. Our wedding business has increased, and our vineyard restaurant is more of a destination than ever. Here at 868 Estate Vineyards the pavilion fits in nicely with our tagline: wine. food. art. nature.”

“You should have seen the installation of our pavilion! 6 men did everything, including the roofing, in only 2 days. They worked together seamlessly, and were a joy to watch. Plus they were friendly. These Amish Carpenters are truly exceptional.”
Heavy snow loads are not a problem!

The Popular 40’ x 40’ Pavilion is available in natural wood which can be stained or painted. Maintenance Free Vinyl is also available.
